

30TH APRIL 2018
4:30 – 6PM

**TODAY'S CHILD, SOCIAL
NETWORKS AND BEING ONLINE:
STAYING POSITIVE AND
PROVIDING PRACTICAL
SUPPORT**

Keeping our Children Safe Online

The world is different from what we as children experienced. We are now into 'Generation Connected' where our children are growing up in a world where they are always online and connected. This session looks at the activities that children are taking part in, the issues that surround this activity, the latest research, and then progresses onto practical advice for parents to engage and support their children.

**FREE Training
for Key Stage 2
Parents**

How do we support
our children not only
to be safe but to
have positive
contributions to
society?

How do we make
sure that people do
not have their views
influenced by 'fake'
news?

How do we protect
our children now and
for their future life?
