

Welcome to **Spaxton C of E Primary School**

*Children
are at the
heart of
everything
we do.*

QUANTOCK
EDUCATION TRUST

Welcome

We are a caring, thriving rural primary school nestled in the Quantock Hills, 10 minutes from Bridgwater.

We believe in the power of outdoor play and outdoor learning to build character and

confidence as well as the value of securing key skills at an early age to ensure progress and achievement. We provide an exciting curriculum for all children from Reception to Year 6 in small, year group combined classes.

Shared Learning

With less than 100 pupils, Spaxton C of E Primary School is a small, rural school with the benefit of offering combined classes that enable younger children to learn quickly from their peers and encouraging older children to

consider and support their younger classmates. Empathy, respect and responsibility are widely understood and appreciated values in our school.

We value
Empathy
Respect
Responsibility

Activity and Outdoor Learning

All our children have the opportunity each day to play and learn outdoors.

We have access to large playing areas, fields and gardens at both the front and the rear of the school. All our children enjoy the benefit from how these facilities help to develop their confidence in and curiosity about the outdoor world.

Every child has their own pair of wellingtons kept in school and these are an essential part of their everyday school kit!

From September 2020, we are introducing a weekly Forest School for all children on a 3-week rotation. This initiative will ensure a whole day spent exploring outside the classroom for every child several times a year across all the seasons.

Pupils have two Physical Education (PE) classes per week and in the summer term swimming is timetabled for every year group. We believe that regular exercise, whether through play or the curriculum helps with both mental and physical health and resilience.

Part of our Local Community

We are a Church of England affiliated school and have close links with the Church of St Margaret in Spaxton villiage. Pupils visit for special ceremonies and we also provide daily collective worship in school, sometimes hosted by the local church leaders. We strive to be a key part of our local community, supporting local initiatives and working with parents, local groups and other individuals to find interesting and innovative ways to share learning , experience and expertise.

We value
Confidence
Curiosity
Resilience

*In love we
flourish and
achieve.*
